Would you like to make sure that the money you receive is from funders that are benefiting our community and environment?

If yes, then check our Guide because it was created especially to help businesses like yours learn where and how to access good local money.
It takes a local business owner to protect one.

As a small business owner in our community, I understand what it takes to protect your small business. Let me help you get insurance for your business at a great value. Stop in or give me a call.

State Farm®
To zero in on funding sources that benefit the local community and align with your mission, this guide includes resources that meet one or more of the following criteria:

- Locally-based and committed to local reinvestment
- Adheres to a social and/or environmental mission
- Enables regular people to invest in their community
- Avoids harmful or extractive products and activities
- Creates and/or retains local jobs

In addition to bringing your financing in line with your values, these sources are here to help your bottom line. Many of them...

- Set terms and requirements to foster the smallest and newest of enterprises
- Provide individual support and creative solutions to help growing businesses thrive
- Support borrowers that may be rejected from other forms of financing
- Let your community support you on the strength of your business idea regardless of your credit or bank balance

**THE GOOD MONEY GUIDE** is intended to help you find funding sources that are more interested in the success of your business than in turning a quick profit - ones that are interested in seeing everyone enjoy a positive triple-bottom line (people, planet, and profit).

**TABLE OF CONTENTS**

- 04 About Oakland Grown
- 05 Types of Loans
- 10 Platforms & Advisors
- 12 Impact Investing
- 14 Crowdfunding
- 17 Community Banks
- 18 Community Organizations & Institutions

The annual Good Money Guide is published by Oakland Grown and is available for pick up at business services locations in the Bay Area or online at OaklandGrown.org/gmg.
We at Oakland Grown understand that one of the biggest challenges that any small to mid-sized business must face, especially when trying to provide value to our community and environment that extends beyond personal profit, is accessing capital (aka money or funding).

This is why we created the Good Money Guide, so more “good businesses” could become aware of how many different mission-driven funders and resource providers currently exist to support their success.

Oakland Grown and Oakland Makers are programs of the Sustainable Business Alliance, a 501(c)(6) nonprofit that has been serving independent businesses since 2000.
Types of Loans

LOANS FROM COMMUNITY ORGANIZATIONS AND INSTITUTIONS
The main mission of these lenders is to support small and startup businesses. While the terms are still very fair, funders like community organizations often must charge slightly higher interest rates in order to make up for the fact that they are supporting riskier (newer, less proven) businesses.

- Often called “alternative lenders”
- Provide significant personal assistance, training, and networking opportunities
- Offer a wide range of loans, from $5000 - $5,000,000
- Many are certified CDFIs*
- Are a good option for business or nonprofits who...
  - Have less than perfect credit history
  - Don’t qualify for bank loans
  - Are looking for business advising in addition to financing

LOANS FROM COMMUNITY BANKS
These are small banks that draw deposits from and contribute back to the community through local loans.

- Have an explicit commitment to local economic development
- Can be an excellent source of mid-size loans, generally $100,000 - $3,000,000 but some offer loans as small as $5000
- Good for business with industry track records, good credit, and a clear path to repayment
- Often provide interest rates that are lower than community organizations
- Some are also CDFIs*

0% LOANS FROM PEER-TO-PEER PLATFORMS
These are online platforms where borrowers and lenders can go to find each other and make loans.

- Also called “peer-to-peer”
- Still a loan - your friends, family, and fans will need to be paid back!
- Often good for entrepreneurs that...
  - Have poor credit
  - Don’t have much cash
  - Need small loans ($1000 - $10,000 usually)
  - Have friends, family, and fans that will loan them some money

Got Funds?
The City of Berkeley can assist you in obtaining funding for your new or existing business expansion, build out, and other working capital needs.

- Up to $100,000 • Up to 7 Years
- Low Interest Rates

Learn more about the program online at CityOfBerkeley.info/oed or Call 510-981-2490
CROWDFUNDING: REWARD/DONATION-BASED
These platforms allow businesses to solicit donations from the public using online tools.

- Are donations, not loans - no repayment required
- Usually the business gives away rewards to their supporters, like products, naming rights, and vouchers for experiences
- Good for businesses who...
  - Can tell a compelling story about a business or product using social media, photos, and/or video
  - Have large networks of friends, family, and fans who really want to help the business achieve its goal and aren't concerned with getting paid back

CROWDFUNDING: INVESTMENT-BASED
Crowd-funding allows a broad range of supporters - regular people, not just wealthy "accredited" investors - to invest directly in a business by providing a loan or an equity investment.

- Useful for a business that intends to pay a financial return, but not as much or as fast as typical venture capital funds seek
- Can build intimate loyal customers - the investors
- Allow regular people to invest in local businesses
- Great way for community members to invest in and be connected to/committed to their business
- Are a good option for businesses that have audiences with a passion for their community or field - local boosters or foodies, for example
- Open a wider net than donations because business can bring in people they don’t necessarily know who care about the business’ mission and are looking for a return

TWO KINDS OF CROWD-FUNDING:
DIRECT PUBLIC OFFERING (DPO)
Similar to donation-based crowd-funding, businesses announce an opportunity to invest in them, usually through a public campaign, with a website, social media outreach, and videos.

PRIVATE PLACEMENTS
The business offers the investment privately, to people that know the business.

- Good option if the business owner thinks that they can raise enough money by asking their network of close friends, family, and community members directly
- Has a less onerous and less expensive legal process than DPOs
- In California, businesses can have up to 35 investors that don’t meet any wealth or income requirements

Cutting Edge Capital provides capital raise consulting to for-profit businesses, nonprofits, social enterprises, and cooperatives.

We specialize in community capital raising strategies that engage a wide range of investors to grow your business, and support a more equitable and innovative economy.

For a free consultation, visit cuttingedgecapital.com/inquiry.
ANGEL INVESTORS
These are accredited investors – high-net-worth individuals - who the law considers to be better able to manage the risk of a small business investment. Businesses can get funding from them without as much legal work as investment funds that include non-accredited investors. This Guide lists groups of angel investors that work together to find and vet investment opportunities.
Are good for businesses who...
• Expect to provide a high return to investors
• Have a cutting edge or compelling product or service that people are inspired to invest in
• Do not have cash flow right away to start making loan payments
• Interested in business advice and mentorship from investors

*Acronym Alert: CDFI
Community Development Financial Institution

*CDFI is an entity certified and supported by the Federal government for their significant community development activity. Look for the CDFI certification in our listings!

IMPACT INVESTMENT FUNDS
These bring together many socially and environmentally responsible businesses into a fund that wealthier individuals can invest in.
• Investors are often looking for competitive, high-return ventures that pursue a double- or triple-bottom line
• Energy and health startups, information technology firms, and sustainable food enterprises often catch the eye of these investors

Loans and business consulting for Bay Area entrepreneurs

• Low-interest loans from $5,000-$50,000 for start-up and existing businesses
• Free, personalized business consulting for the life of your loan

Lic # 754966
Think about **COMMUNITY BANK** and **ORGANIZATIONAL LENDERS** if you...

- Need $10,000 - $5,000,000+
- Have immediate positive cash flow or a secondary source of income
- Can make equal monthly payments

Have at least **4 OF "THE 5 C’S" OF CREDIT**...

- **CAPACITY** - You have the capacity to pay back the loan AND all of your other bills
- **CAPITAL** - You personally put money in the business - you showed commitment and have skin in the game
- **COLLATERAL** - Something that you can use to pay back a loan if you run out of cash. For example, real estate, office or manufacturing equipment, or your accounts receivable and inventory
- **CONDITIONS** - Your business is operating at the right time and place to be successful
- **CHARACTER** - You have experience, a good reputation, and in this case, a social mission

Think about donation-based **CROWDFUNDING** and **PEER-TO-PEER** lending models if you...

- Have a great idea that inspires everyone you tell, but not a lot of money
- Have time and connections to sell your idea via online marketing or to your local community
- Need $1000 - $25,000

Think about equity financing (**ANGEL**, **IMPACT**, **CROWD INVESTING**) if you...

- Need $100,000+
- Will provide a return to investors

Zero in on **ANGEL** and **IMPACT INVESTING** if you...

- Anticipate fast growth and high return
- Would be comfortable selling your business after high growth
- Welcome decision-making input from your investors

Think about equity financing (**ANGEL**, **IMPACT**, **CROWD INVESTING**) if you...

- Need $100,000+
- Will provide a return to investors

<td>- This source provides finances for nonprofits. - This source determines creditworthiness with alternative criteria, not just credit scores.</td>
<td>B Corp, GABV, SF Green Business</td>
</tr>
</tbody>
</table>
The main mission of these lenders is to support small and startup businesses. While the terms are still very fair, funders like community organizations often must charge slightly higher interest rates in order to make up for the fact that they are supporting riskier (newer, less proven) businesses.

- Often called “alternative lenders”
- Provide significant personal assistance, training, and networking opportunities
- Offer a wide range of loans, from $5000 - $5,000,000
- Many are certified CDFIs*
- Are a good option for business or nonprofits who...
  - Have less than perfect credit history
  - Don’t qualify for bank loans
  - Are looking for business advising in addition to financing

### PLAINTIFFS
